we help you to design your personal bordbar

bordbar design service

Wir von bordbar wissen,
Geschmäcker sind verschieden. Deshalb arbeiten wir seit über 11 Jahren daran unsere bordbar auch immer nach Ihren persönlichen Wünschen und Vorstellungen zu gestalten. Wählen Sie Ihren Korpus und schicken Sie uns Ihre Ideen an **cockpit@bordbar.de**; gemeinsam mit unserer Designabteilung entwickeln wir Ihre personalisierte bordbar.

We at bordbar know: Tastes vary. That is why we have been working on creating and designing bordbars according to your wishes and expectations. The creative force is yours. Choose the trolley body and send us your ideas to: cockpit@bordbar.de - our team of graphic designers will turn it into your personal bordbar.

GOOD DESIGN

Damit ein Flugzeugtrolley zu einer bordbar wird, braucht es vor allem eins: Perfektion.

Mit unserer Leidenschaft für Beständigkeit und Präzision erschaffen wir unverwechselbare Produkte in Manufakturqualität. All unsere bordbars sind nach internationalen Richtlinien der Flugsicherungskommission ICAO zertifiziert – und könnten somit jeden Langstreckenflug auf der Welt begleiten.

Bei unserer Materialauswahl und der Umsetzung steht Zuverlässigkeit im Vordergrund, die sich immer sichtbar im fertigen Produkt widerspiegelt. Daher bestehen all unsere Produkte aus hochwertigsten Materialien wie Aluminium und Edelstahl.

Unsere manufakturneuen bordbars werden in Handarbeit von unseren bordbar Spezialisten individuell nach Kundenwunsch gebaut. Jede bordbar_new besteht dabei aus über 250 Einzelteilen und unterzieht sich, genau wie in der Luftfahrt, kritischen Tests, bevor sie unser Haus verlässt. Aus diesem Grund geben wir auf unsere bordbar_new eine Garantie von 30 Jahren.

Unsere bordbar_used sind ausgediente Airline-Trolleys mit langjähriger Flugerfahrung, die in einem aufwendigen Verfahren komplett generalüberholt, gereinigt und auf ihre Funktion getestet werden. Anschließend wird eine besonders strapazierfähige Laminierung unterhalb des Profils angebracht, die für eine besonders kratz- und stoßfeste Oberfläche sorgt.

Begehrte internationale Designpreise wie der Red Dot Design Award, der Good Design Award oder der Green Product Award beweisen die hohe Designqualität der bordbar Trolleys. Sie bestätigen zugleich unsere Authentizität, denn nur einem Original wird eine solche Ehrung zuteil. Für uns sind diese Auszeichnungen eine Anerkennung unserer Arbeit und gleichzeitig auch Ansporn, unseren Weg weiter zu verfolgen.

For an airplane trolley to turn into a bordbar it needs one thing above all else: Perfection.

Our passion for durability and precision is the basis for the creation of our unique products in exquisite workmanship. All our bordbars are certified according to the international standards of the International Civic Aviation Organization ICAO and could even fly with you on any long-haul flight around the world.

When it comes to the choice of materials and the final realisation we prioritise reliability which is always reflected in the finished product. That is why all our products are made from the highest quality materials such as aluminium and stainless steel.

The newly manufactured bordbars are manually crafted by our specialists according to the individual wishes of our customers. Every bordbar_new is made up of over 250 individual parts and is subject to rigorous testing - just like in the aviation industry - before leaving our premises. Therefore our bordbar_new trolleys come with a 30-year warranty.

The bordbar_used are disused airline trolleys with years of flight experience. They are completely refurbished in an elaborate process, then cleaned and tested for their functionality. Finally, an especially durable layer of lamination is fitted, which makes the trolley's surface even more scratch and shock resistant.

Coveted international design awards such as the Red Dot Design Award, the Good Design Award or the Green Product Award are a testament to the high-quality design of the bordbar trolleys. At the same time, they also attest our authenticity, since only an original piece would be bestowed with such an honour. To us these awards are recognition and appreciation of our work and moreover, they are our motivation to continue on our path.
